SHOOT / PROCESS / REPEAT

**EASY INSTALLATION: SYNC FROM DESKTOP VERSION**  
**PAID SUBSCRIPTION REQUIRED**

Once you install the Desktop version of presets, the mobile version can be easily sync from Desktop to Mobile if you have a paid Adobe Cloud Subscription.

**If you don't have a paid subscription you can use the .DNG files.**

**Please follow the instructions provided in this guide**

[www.creativepresets.com](http://www.creativepresets.com)

# CREATIVEPRESETS

SHOOT / PROCESS / REPEAT

## Step 1

Open Adobe Lightroom CC for Mobile

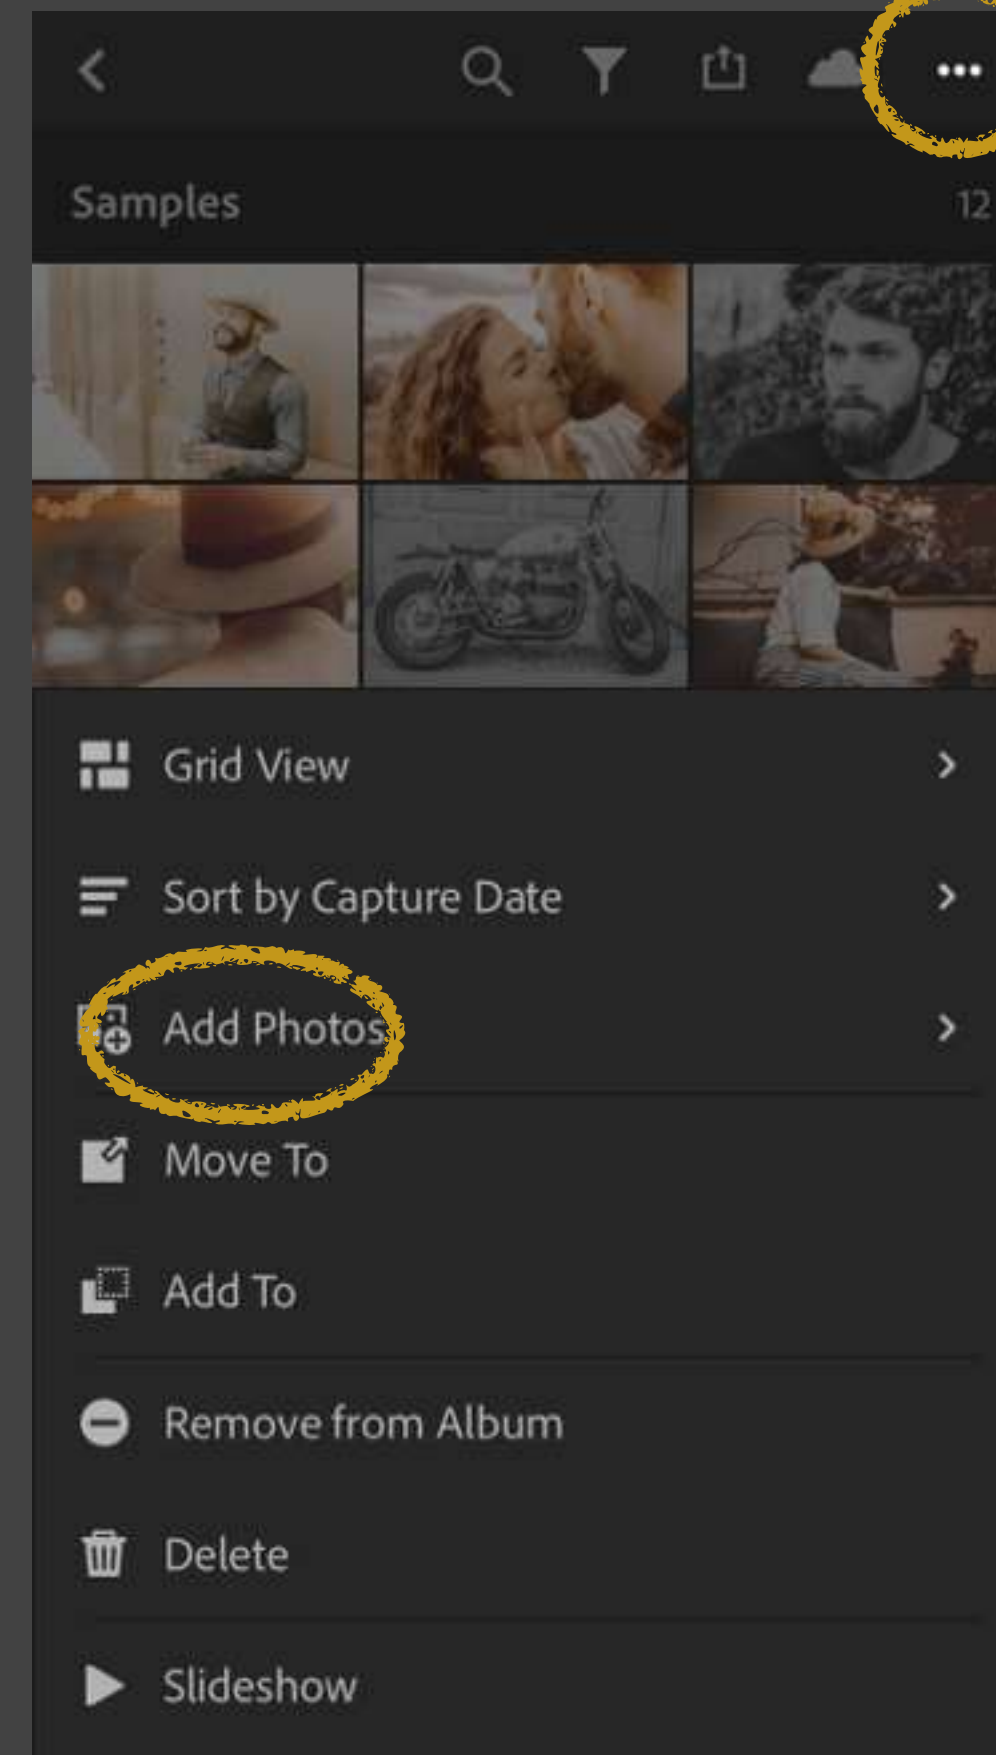

Adobe Photoshop Lightroom CC

# CREATIVEPRESETS

SHOOT / PROCESS / REPEAT
